

MARG.

STUDIO

Which professionals do I need for my renovation or new build?

Do you want to...	You could need....
<ul style="list-style-type: none"> • Update and replace finishes but keep everything mostly in the same place? • Select the finished and fixtures yourself? 	<ul style="list-style-type: none"> • DIY, builder or individual trades as required
<ul style="list-style-type: none"> • Make some bigger changes to the structure or overall layout of your space? • Move major services like plumbing, gas or electricity? • Make a simple change to the exterior envelope of your house in a council area (heritage or not). • Select the finished and fixtures yourself? • Project manage the build yourself? 	<ul style="list-style-type: none"> • Builder + individual trades + draftsman
<ul style="list-style-type: none"> • Make some bigger changes to the structure or overall layout of your space? • Move major services like plumbing, gas or electricity? • Make a large change to the exterior envelope of your house in a council area (heritage or not). • Select the finished and fixtures yourself with some guidance? • Have the build project managed for you? 	<ul style="list-style-type: none"> • Builder + individual trades + architect
<ul style="list-style-type: none"> • Make some layout changes but not 100% sure what? • Have some help considering flow, spatial planning, fixtures, furniture, lighting and colour? • Possibly make some simple changes to the exterior envelope of your house in a council area (heritage or not). • Get someone to make the finishes + fixture selections. 	<ul style="list-style-type: none"> • Builder + interior designer (+ possibly a draftsman)
<ul style="list-style-type: none"> • Make some layout changes but not 100% sure what? • Get someone to make the finishes + fixture selections. • Make a large change to the exterior envelope of your house in a council area (heritage or not). • Have the build project managed for you? 	<ul style="list-style-type: none"> • Builder + architect + interior designer

To untangle your project with some help, book in your 30 minute free chat with Emily via the MARG. Studio website.
